

Sunnyside Ballet Studio was created in 2009 as part of Sunnyside Arts Cooperative. We offer ballet classes for ages 3 years and up as well as Little dancers class, Tap, Theater Dance and HipHop. Classes are divided by age groups and taught using methods that take into account both age as well as skill levels. Photo: Aehee Kang Asano

Younger students will gain physical coordination and musicality through movement. The repetition of materials gives the students confidence and control of movement.

Graded level students learn classic ballet technique based on American Ballet Theatre's teaching curriculum. As they gradually improve their technique throughout the year individual attention is paid to each student with the goal of advancing to the next level.
